

Quarzo 700

Technologically advanced and easy to use and maintain, Quarzo 700 is a completely automatic vending machine that offers up to 40 different beverages.

With an extremely innovative and elegant design, it is perfectly coordinated with Smeraldo 56.

Main features

- Automatically dispenses cups (up to 700), sugar and stirrers
- Saeco Brewing Unit (Espresso version): top quality of espresso, easy cleaning and maintenance
- Accepts the most commonly used parallel and serial MDB (possible Master and Slave configurations), BDV and Executive payment systems
- Plus version equipped with 64 mm oversized grinders for an even better coffee quality
- Updated water circuit
- Standard CPU for the whole range
- Customizable settings
- High safety for customer and operator

Accessories

- Independent water tank kit
- Timekeeper kit
- Mixer kit for tea spiral replacement with decaffeinated/barley
- Preheater kit
- Hot water solenoid valve kit (two boilers version)
- Neon light kit
- 12 V DC validator kit
- 5-button keypad kit
- Memory key to copy and quickly transfer machine's settings
- Eva-Dts kit

Ideas with Passion
